## PROFESSIONAL SUMMARY

Ambitious B.Tech CSE student with a proven track record in Data Structures & Algorithms (850+ problems solved) and a consistent 365+ day coding streak, demonstrating exceptional problem-solving capabilities, a bias for action, and a go-getter attitude. Hands-on experience developing scalable applications and a passion for community building and digital growth through initiatives like the LogicNLearn YouTube channel. Eager to leverage strong technical skills, high ownership, and a data-driven mindset to build impactful solutions and contribute to scaling operations within a dynamic, high-growth technology company like TruEstate.

---

## EDUCATION

Bachelor of Technology (B.Tech), Computer Science and Engineering

Vellore Institute of Technology  Bhopal | 2022–2026

 CGPA: 7.98

---

## TECHNICAL SKILLS

- **Programming Languages:** C++
- **Core Skills:** Data Structures & Algorithms, Problem Solving , OOP
- **Backend & Databases:** Node.js, Express.js, MongoDB, Firebase, SQL
- **Mobile App Development:** Flutter
- **Tools & Platforms:** GitHub, VS Code, Android Studio
- **Growth & Soft Skills:** Content Strategy, Digital Community Building, Data Analysis, , Project Ownership, Communication, Creative Problem-Solving

---

## PROJECTS

**E-Health Solution Hub – Hospital Management System**          *(Ongoing)*

*MERN Stack (MongoDB, Express.js, React, Node.js)*

Developing a full-stack hospital management system with features like appointment booking, patient record management, real-time consultations, and secure role-based authentication.

**LogicNLearn –** Full-Stack DSA Learning Platform          **Link**

*Flutter + Firebase | YouTube Integration*

Built a responsive Flutter app integrated with Firebase and YouTube, featuring user authentication, real-time Firestore data handling, and dynamic DSA course content. Included playlist-based learning, feedback system, and live announcements via Google Sheets API.

**TastyGo –** Online Food Ordering App          **Link**

*MERN Stack (MongoDB, Express.js, React, Node.js)*

Built a responsive food ordering platform with user authentication, food browsing, add/edit cart functionality, and seamless order placement using full MERN stack.

---

## CERTIFICATIONS

- **Cloud Computing** – NPTEL
- **Full-Stack Web Development** – LinkedIn Learning

---

## ACHIEVEMENTS

- Solved 850+ Data Structures & Algorithms (DSA) problems across leading platforms including LeetCode, GeeksforGeeks, and Coding Ninjas.
