PROFESSIONAL SUMMARY

Full-Stack Engineer and Flutter Developer with hands-on experience building scalable cross-platform applications, RESTful APIs, and responsive UI systems. Strong foundation in DSA, Firebase, Node.js, and Clean Architecture with experience mentoring students and creating technical content for 1,000+ learners.

TECHNICAL SKILLS

Languages: Dart, C++, Python

Frontend & Mobile: Flutter, Responsive UI, Cross-Platform App Development

Backend & Cloud: Node.js, Express.js, REST APIs, Firebase Auth, Firestore

Databases & Tools: MongoDB, SQL, Git, GitHub, Clean Architecture

EXPERIENCE

IT Geeks Inc. — Business Analyst Intern

Apr 2026 – Present

- Worked with the development team on Shopify-based solutions and Flutter application development.
- Utilized Claude AI to streamline development workflows and improve implementation efficiency.
- Contributed to feature development, debugging, and technical workflow optimization across projects.

PawsPalConnect — Flutter Developer Intern

Feb 2026 – Apr 2026

- Built cross-platform Flutter applications using Clean Architecture and modular development.
- Integrated REST APIs and Firebase services including Authentication and Realtime Database.
- Resolved production-level performance issues to improve runtime stability.

PROJECTS

Political Promise Tracker | MERN Stack, Gemini API

- Developed a full-stack Political Promise Tracker application using the MERN stack.
- Integrated Google Gemini API for political news extraction and classification.
- Developed responsive frontend interfaces and scalable backend APIs for real-time political data handling.

LogicNLearn Learning Platform | Flutter, Firebase

- Developed an all-in-one learning platform integrating courses, announcements, quizzes, and coding resources in a single application.
- Built a structured 500-question DSA Sheet with progress tracking, video solutions, and source code access
- Designed responsive and scalable Flutter UI to provide a smooth learning experience across devices.

EDUCATION

Vellore Institute of Technology (VIT)

2022 – 2026

B.Tech in Computer Science and Engineering

CGPA: 8.05

ACHIEVEMENTS & CO-CURRICULAR

- Solved 1050+ DSA problems and maintained a 730+ day coding streak across coding platforms.
- Hosted technical podcasts and career guidance sessions for aspiring software engineers.
